NOISE CANCELLING

HA-A30T2

Compact True Wireless Earbuds

BLOCK OUT DISTRACTION WITH ACTIVE NOISE CANCELLING

The HA-A30T2 wireless earbuds are designed to reduce noise for more effective noise cancellation. With single-sided use, you can talk on the left or right earpiece and control the volume with either earpiece, which is helpful for remote meetings and hands-free calling. A 10-minute quick charge gives you 80 minutes of playback. Other features include rainproof IPX4, hands-free mic and voice assistant compatibility and low-latency mode for gaming and movies.

TECHNICAL SPECS

- ▶ Earbuds Type: Noise Cancelling True Wireless in-ear
- ▶ Direct Transmission: Left and right
- ▶ Single Ear Use: Yes, left and right
- ▶ Touch Control: Yes
- ▶ Touch & Talk: Yes
- ▶ Remote and Microphone for Smartphones: Yes
- ▶ Control: Microphone mute on each auricle of the earbuds. Listening volume control on the left auricle of the earbuds.
- ▶ Lightweight: Yes
- ▶ Voice Assistant Compatible: Yes

SINGLE-SIDE USE

With our cutting-edge technology, you have the flexibility to use either the left or right earpiece for your calls and audio needs. No matter your preferences, you can enjoy crystal-clear conversations and immersive audio with ease. Not only that, our earpiece also gives full control over the volume. Adjust the sound to your liking, ensuring a personalized and comfortable listening experience.

IPX RATED = RAIN & SWEAT PROOF

Never let rain and sweat hold you back with our IPX-rated earbuds. Designed to withstand the elements, our earbuds boast an IPX4 rating, making them rain and sweat-proof. So, whether you're caught in a sudden downpour or pushing through an intense workout at the gym, our earbuds are up to the challenge.

EMPOWER YOUR REMOTE WORK EXPERIENCE

Enhance your telework experience with multipoint connection to effortlessly switch between multiple devices. These earphones also include single-ear convenience and microphone mute.

QUICK CHARGE AND GO!

Running low on battery? No problem! Our HA-A30T2 earbuds are equipped with quick charge technology, allowing you to get back to your music in no time. With just a 10-minute charge, you can enjoy up to 80 minutes of playback.

It's that simple! Say goodbye to long waiting times and hello to uninterrupted audio on the go. Whether you're rushing out the door or in between activities, our quick charge feature ensures that your music keeps up with your fast-paced lifestyle.

KEY FEATURES

- ▶ Independent, single side use (left/right) - Qualcomm® - With compatible smartphones, left and right earbuds independently connect. Use either earbud while the other is charging.
- ▶ Stable wireless connection Bluetooth ver. 5.3, Power Class-1.
- ▶ Up to 27 hours total playback time in Bluetooth® mode.
- ▶ Up to 21 hours total playback time in Noise Cancelling mode.
- ▶ 10 minutes quick charge for 80 minutes of playback.
- ▶ Hands-free Mic / Voice Assistant compatible.
- ▶ Auto ON / Auto connect.
- ▶ IPX4 rated: rain / sweat proof.

HA-A25T

Memory Foam Wireless Earbuds

HEAR YOUR MUSIC THE WAY IT'S MEANT TO BE

These wireless earbuds are designed to be small and compact with Noise Cancelling. With a maximum of 28 hours of battery life with the charging case. For those on-the-go moments, fear not, as just 10 minutes of charging delivers an impressive 60 minutes of playback time, keeping your music with you whenever you need it.

TECHNICAL SPECS

- ▶ **Earbuds Type:** Noise Cancelling True Wireless in-ear
- ▶ **Single Ear Use:** Yes, left and right
- ▶ **Volume Button:** Yes, volume control with sensors on the surface of each earbud
- ▶ **Noise Cancelling Button:** Yes
- ▶ **Microphone Button:** Yes, microphone mute with sensor on the surface of each earbud
- ▶ **Touch Control:** Yes
- ▶ **Touch & Talk:** Yes
- ▶ **Remote and Microphone for Smartphones:** Yes
- ▶ **Control:** Microphone mute on each auricle of the earbud. Listening volume control on the left auricle of the earbuds.

UNINTERRUPTED BLISS

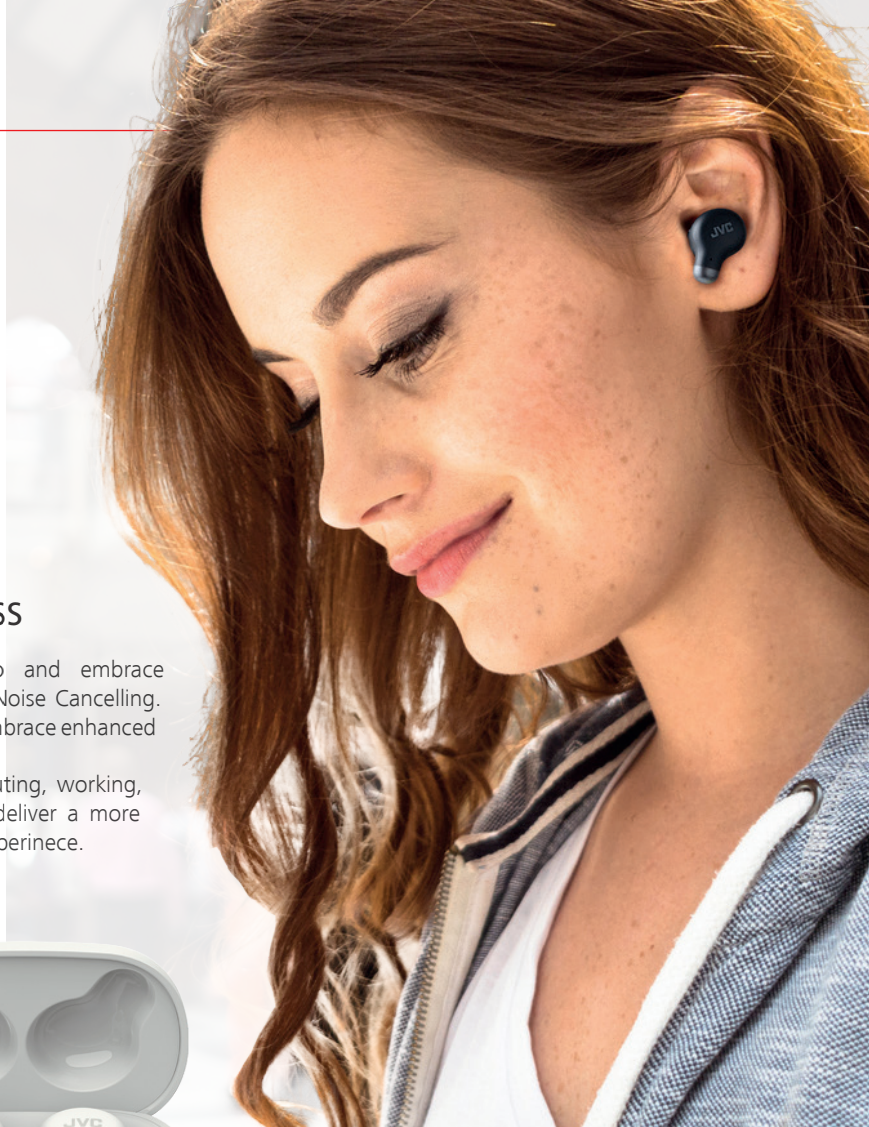

Experience Crystal-Clear Audio and embrace serenity with our cutting-edge Noise Cancelling. Let distractions fade away and embrace enhanced focus and immersion. No matter the setting – commuting, working, or unwinding – our earpieces deliver a more peaceful and enjoyable audio experience.

SIMPLE CHARGE ANYWHERE

Enjoy continuous music playback, and even better, just a single charge on the earbuds gives you up to 7.5 hours of Bluetooth® listening mode or 6 hours of noise cancelling mode.

Additionally, if you find yourself in a hurry, a quick 10-minute charge will provide you with 60 minutes of listening pleasure.

JUST TOUCH AND TALK

Controlling your music and communication is effortless with the smart touch sensor, which allows you to manage music playback and take calls seamlessly. Moreover, you can talk on either the left or right earbud, and the volume can be adjusted from either earbud, giving you greater flexibility.

LEVEL UP YOUR GAMING AND VIDEO WITH THE HA-A25T LOW LATENCY MODE

To enhance your gaming and video-watching experience, the HA-A25T comes equipped with a Low Latency mode. This mode significantly reduces the gap between video and sound, ensuring that you have a smooth and synchronised experience while playing games or watching videos on your device.

KEY FEATURES

- ▶ Battery life earbuds single charge up to 7.5 hours of Bluetooth® playback.
- ▶ Battery life earbuds single charge up to 6 hours of Noise Cancelling playback.
- ▶ Up to 16 hours total playback time in Noise Cancelling mode.

HA-A9T

True Wireless Earphones

COOL AND DYNAMIC TWO-TONE DESIGN

Your world, your music. Let your personal style set you apart. Optimal sound quality with no compromises. The powerful neodymium magnets deliver clean and crisp music to your soul. Up to 30 hours of continuous playback in total with the built-in battery and charging case. A 15-minute quick charge gives you 90 minutes of playback. Other features include waterproof IPX5, hands-free mic and voice assistant compatibility.

TECHNICAL SPECS

- ▶ Earbuds Type: True Wireless in-ear
- ▶ Direct Transmission: Left and right
- ▶ Single Ear Use: Yes, left and right
- ▶ Touch Control: Yes
- ▶ Remote and Microphone for Smartphones: Yes
- ▶ Control: Microphone mute on each auricle of the earbuds. Listening volume control on the left auricle of the earbuds.
- ▶ Lightweight: Yes
- ▶ Voice Assistant Compatible: Yes

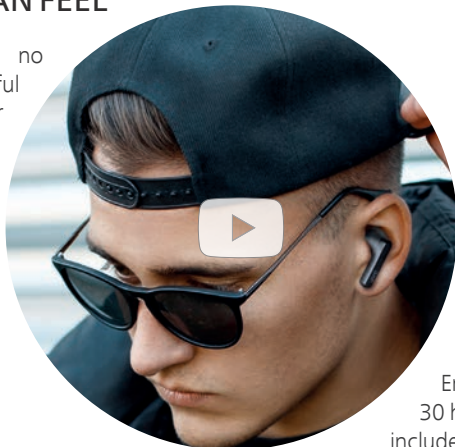

AUTO ON/CONNECT

Automatically power on and connect to your device when removed from the charging case for quick use, and Bluetooth® 5.1 for a stable connection.

DIFFERENCE YOU CAN FEEL

Optimal sound quality with no compromises. The powerful neodymium magnets deliver clean and crisp music to your soul.

GET YOUR GROOVE ON LONGER

Enjoy the freedom of 30 hours battery life with included charging case. A 15-minute charge provides 90 minutes of music and movies.

WORRY-FREE TRUE WIRELESS

Rain or sweat? Not a problem thanks to the IPX5 waterproof rating. Both the left and right earbud can be used individually – listen to outside sounds in one ear while enjoying the groove of the music in the other.

SIMPLE AND SMART OPERATION

Audio and phone operations can be done via the touch sensor on the earphones. Also the voice assistant function can be activated through the earphone itself.

KEY FEATURES

- ▶ Dark tone colour variation.
- ▶ Maximum 30 hours of playtime.
- ▶ Earphone battery life 7.5 hours.
- ▶ Additional 22.5 hours battery life with charging case.
- ▶ 15 minutes quick charge for 90 minutes of playback.

HA-A7T2

Gumy Wireless Earphones

COLOURFUL EARBUDS IN A COMPACT DESIGN

The HA-A7T2 Gumy True Wireless Earbud Range, available in five fruity colours, are designed to bring colour and convenience to your life. These earbuds are crafted with a soft touch elastomer material, providing a comfortable fit for long usage. With a total of 24 hours of battery life, you can enjoy uninterrupted music playback throughout the day. Gumy earbuds are the perfect companion for anyone seeking style and functionality in their audio accessories.

TECHNICAL SPECS

- ▶ Earbuds Type: True Wireless in-ear
- ▶ Single Ear Use: Yes, left or right
- ▶ Touch Control: Yes
- ▶ Remote and Microphone: Yes
- ▶ Voice Assistant Compatible: Yes
- ▶ Sound Mode Function: Normal / Bass / Clear
- ▶ Automatic Power ON/OFF: Yes

BATTERY AND CHARGING ON THE GO

With a total of 24 hours of battery life, you can enjoy music playback throughout the day. Each earbud has a battery life of 7 hours, and the compact charging case allows for an additional 17 hours of charging on the go.

NO NEED TO WAIT AROUND WITH QUICK CHARGE

In case you're in a rush, the quick charge feature comes to the rescue. Just 15 minutes of charging grants you an impressive 85 minutes of playback time. No need to wait around!

LET'S GO SOLO!

One of the convenient features of these earbuds is the ability to use a single earpiece. Whether you prefer the left or the right ear, you have the flexibility to use just one earbud while keeping the other free. This is particularly useful when you want to stay aware of your surroundings, such as during a jog, an online meeting, or when you need to listen for important announcements.

NEW & IMPROVED GUMY TRUE WIRELESS EARBUDS DESIGNED FOR COMFORT

The Gumy wireless earbuds are designed for comfort and convenience. They fit snugly in your ears and offer a lightweight and ergonomic design, ensuring a comfortable and secure fit throughout your listening sessions.

IPX4 NO MATTER RAIN OR SHINE

With an IPX4 rating, these earbuds are sweat and rainproof, making them ideal companions for outdoor activities. You can enjoy your music or podcasts without worrying about getting wet or sweaty, allowing you to fully immerse yourself in your active lifestyle.

KEY FEATURES

- ▶ Soft touch elastomer material for a comfortable fit.
- ▶ Maximum 24 hours of playtime.
- ▶ Earphone battery life 7 hours.
- ▶ Additional 17 hours battery life with charging case.
- ▶ 15 minutes quick charge for 85 minutes of playback.
- ▶ Auto ON / OFF and connect.
- ▶ IPX4 rated: rain / sweat proof.
- ▶ 3 sound modes (Normal / Bass / Clear).

HA-A6T

Gummy Mini Wireless Earbuds

DESPITE BEING SMALL, GUMY MINI EARBUDS PACK A PUNCH

Experience high-quality sound and effortless operation with the Gummy Mini Wireless HA-A6T earbuds. These compact wonders are equipped with advanced features like touch sensors, auto ON / OFF, and easy connectivity, making them perfect for your daily use. Unmatched battery life: with a total of 23 hours of battery life, including the charging case, and an impressive 7.5 hours of continuous playback on a single earbud charge, you can enjoy your music, podcasts, or calls without interruptions.

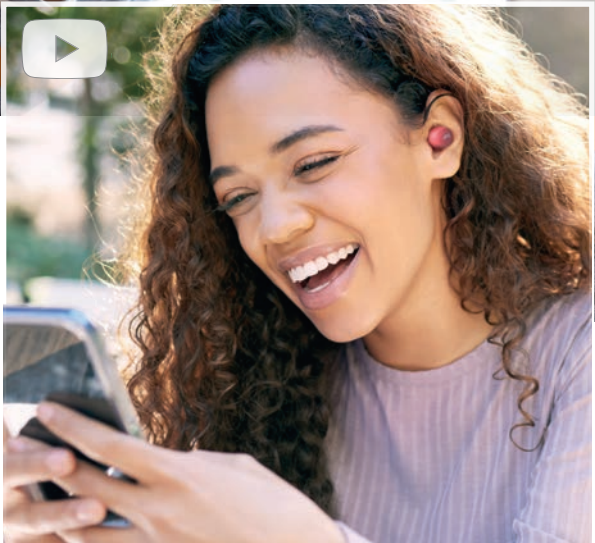

TECHNICAL SPECS

- ▶ Earbuds Type: True Wireless in-ear
- ▶ Single Ear Use: Yes, left or right
- ▶ Touch Control: Yes
- ▶ Remote and Microphone: Yes
- ▶ Voice Assistant Compatible: Yes
- ▶ Sound Mode Function: Normal / Bass / Clear
- ▶ Automatic Power ON/OFF: Yes

YOUR SMALL AND COMPACT AUDIO COMPANION

Gummy Mini earbuds are distinguished not only by their compact size and comfortable fit but also by the impressive impact of their sound! Experience music, podcasts, and calls like never before, all wrapped up in a small, ergonomic design that ensures a snug and secure fit, making them an ideal companion for your daily activities. Get ready to be impressed by the powerful sound performance and personalised audio experience the HA-A6T Gummy Mini delivers!

DESIGNED WITH CONVENIENCE IN MIND

Embrace the user-friendly design of the HA-A6T Gummy Mini earbuds, and enjoy a hassle-free audio experience that fits effortlessly into your daily life. With touch sensor controls, operating these earbuds is a breeze. You can effortlessly control your music playback, answer calls, and access your voice assistant with just a simple touch.

The auto ON/OFF feature adds to the seamless experience. When you take the earbuds out of the charging case, they automatically power on and connect to your device, so you can start enjoying your favourite content right away. Likewise, when you put them back in the case, they automatically power off, preserving battery life.

ONE TOUCH, "HEY SIRI PLAY MY FAVOURITE PLAYLIST"

Voice-Assistant Compatible: Access your favourite voice assistant with ease. Whether it's Siri, Google Assistant, or another supported voice assistant, you can control your smart devices and get information on the go with just one touch of your finger.

RUNNING LOW ON POWER? NO PROBLEM!

With an exceptional total battery life of 23 hours, including the charging case, and an impressive 7.5 hours of continuous playback on a single earbud charge, you can indulge in your favourite music, podcasts, or calls without any interruptions. And when you're running low on power while on the move, simply charge the earbuds in the case for just 15 minutes to get a remarkable 85 minutes of playback time.

KEY FEATURES

- ▶ Headphone battery life of 7.5 hours.
- ▶ Additional 15.5 hours battery life with the charging case.
- ▶ Maximum 23 hours of playtime.
- ▶ 15 minutes quick charge for 85 minutes of playback.
- ▶ Slim, compact charging case.

HA-A3T

Open-Type Wireless Earbuds

EXPERIENCE TRUE FREEDOM AND HIGH-QUALITY AUDIO

Introducing the HA-A3T, a sleek and lightweight pair of open-type wireless earbuds designed to offer a secure, comfortable fit with minimal pressure on your ears. These earbuds are engineered to reduce the feeling of oppression and ensure a pleasant wearing experience. Featuring a simple and convenient touch sensor operation, the burden on your ears is further diminished.

TECHNICAL SPECS

- ▶ Earbuds Type: Open-type Wireless in-ear
- ▶ Single Ear Use: Yes, left or right
- ▶ Touch Control: Yes
- ▶ Remote and Microphone: Yes
- ▶ Voice Assistant Compatible: Yes
- ▶ Automatic Power ON/OFF: Yes
- ▶ Bluetooth® Connection: Version 5.1
- ▶ Bluetooth® Range: Line of sight approx. 10 meters

SIMPLE, EASY TO USE WITH SOLO USAGE

After the initial pairing simply remove the earbuds from the charging case, and they automatically power on and connect to your device. Likewise, when you place them back in the case, they power off, ensuring optimal battery usage. For added convenience, you can use a single earbud in either the left or right ear, allowing you to enjoy music or calls while staying aware of your surroundings.

EXPERIENCE EXTENDED PLAYTIME

The combination of each earbud's 7.5 hours of battery life and the charging case's additional 15 hours allows for a total of up to 22 hours of continuous use. In times of urgency, a quick 15-minute charge provides an impressive 90 minutes of playback!

DESIGNED FOR ADVENTURES

With powerful 11 mm neodymium magnets, these earbuds deliver high-quality sound, elevating your music experience to a new level. Out and about, you don't need to worry as these earbuds can withstand rain or sweat, as the earbuds boast an IPX4 water-resistant rating.

KEY FEATURES

- ▶ Earphone battery life of 7.5 hours.
- ▶ Additional 15 hours battery life with the charging case.
- ▶ Maximum 22 hours of playtime.
- ▶ 15 minutes quick charge for 90 minutes of playback.

NOISE CANCELLING
HA-S95N
Lightweight Headphones with
Hybrid Noise Cancelling

**SUPREME COMFORT WITH
INDUSTRY-LEADING
LIGHTWEIGHT DESIGN**

JVC's hybrid noise-cancelling headphones weigh just 195 grams thanks to their honey-ribbed construction. Combined with ergonomic soft pads and a hanger design, they offer exceptional comfort and a secure fit for all-day wear.

TECHNICAL SPECS

- ▶ **Headphones Type:** Hybrid Noise Cancelling Wireless around-ear headphones
- ▶ **Bluetooth® Connection:** Version 5.3
- ▶ **Bluetooth® Output Power:** Class 1
- ▶ **Bluetooth® Range:** Approx. 10 meters
- ▶ **Remote and Microphone for Smartphones:** Yes
- ▶ **Usage:** With compatible smart devices, including iPhone/Android phones
- ▶ **Headphone Weight:** 195 g

**EXCEPTIONAL SILENCE
WITH HYBRID NOISE
CANCELLING**

Immerse yourself in your music with advanced hybrid noise cancelling technology featuring dual microphones, effectively blocking out ambient noise and allowing for an uninterrupted and immersive audio experience, equipped with a convenient Wind Cut mode and Ambient mode.

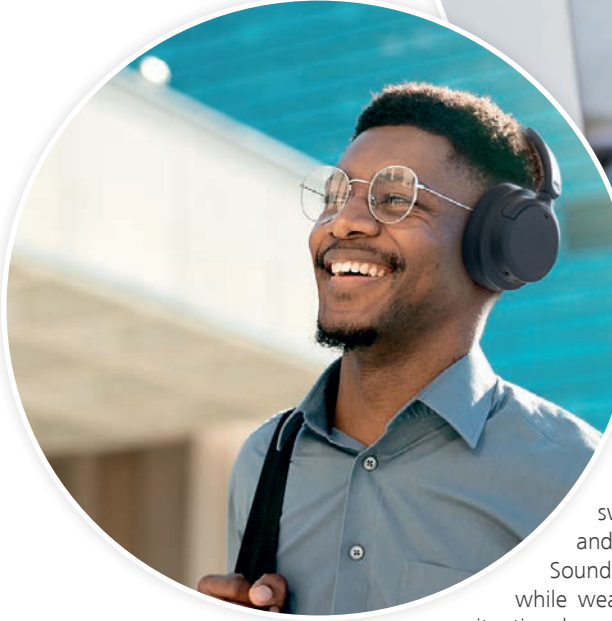

LONG BATTERY LIFE

Keep the music going – all day long – with a rechargeable battery that offers up to 35 hours of playtime with noise cancelling activated and 50 hours with the noise cancelling OFF. In the unlikely event that you were to run out of power, simply plug the provided detachable cable into your device and you will never be without your music.

**SEAMLESS TELEWORK WITH
CRYSTAL-CLEAR VOICE**

Enable seamless smartphone control with the integrated remote and microphone, offering convenience at your fingertips and clear voice calls for comfortable telecommuting. Thanks to the Multipoint connection you can switch smoothly and continuously between devices.

**INDULGE IN COMFORT
FOR HOURS**

The HA-S95N comes with a Wind Cut Mode to reduce noise caused by high winds, enhancing the listening experience outdoors. The soft ear pads and ergonomic design, featuring an adjustable hanger and swivel shaft, contribute to maximum comfort and excellent sound isolation. The Ambient Sound Mode allows you to hear your surroundings while wearing the headphones, ensuring safety and situational awareness.

JVC APP

You can customize your audio experience with three sound modes – clear, flat and bass – and equalization settings through the JVC App.

KEY FEATURES

- ▶ Supreme comfort with industry-leading lightweight design.
- ▶ Exceptional silence with Hybrid Noise Cancelling.
- ▶ Up to 35 hours of Hybrid Noise Cancelling wireless listening.
- ▶ Up to 50 hours of wireless listening.
- ▶ Voice Assistant compatible.
- ▶ Multipoint connection and the integrated microphone ensures seamless telework with crystal-clear voice.
- ▶ Wind Cut mode to reduce noise caused by high winds.
- ▶ Ambient Sound mode for when you need to hear ambient sounds around you.
- ▶ 5 button operation: power, multi-function button (MFB) pairing, answering/receiving calls & controls play/pause function, volume +/-, noise cancelling ON/OFF.

NOISE CANCELLING
HA-S75N
Lightweight Headphones with
Active Noise Cancelling

**IMMERSIVE SOUND EXPERIENCE
WITH NOISE CANCELLING**

Immerse yourself in your music with noise cancelling headphones that block out ambient noise for an uninterrupted experience. Switch to Ambient Mode for added convenience, featuring advanced feed-forward microphone technology.

TECHNICAL SPECS

- ▶ **Headphones Type:** Active Noise Cancelling Wireless around-ear headphones
- ▶ **Bluetooth® Connection:** Version 5.3
- ▶ **Bluetooth® Output Power:** Class 1
- ▶ **Bluetooth® Range:** Approx. 10 meters
- ▶ **Remote and Microphone for Smartphones:** Yes
- ▶ **Usage:** With compatible smart devices, including iPhone/Android phones
- ▶ **Headphone Weight:** 184 g

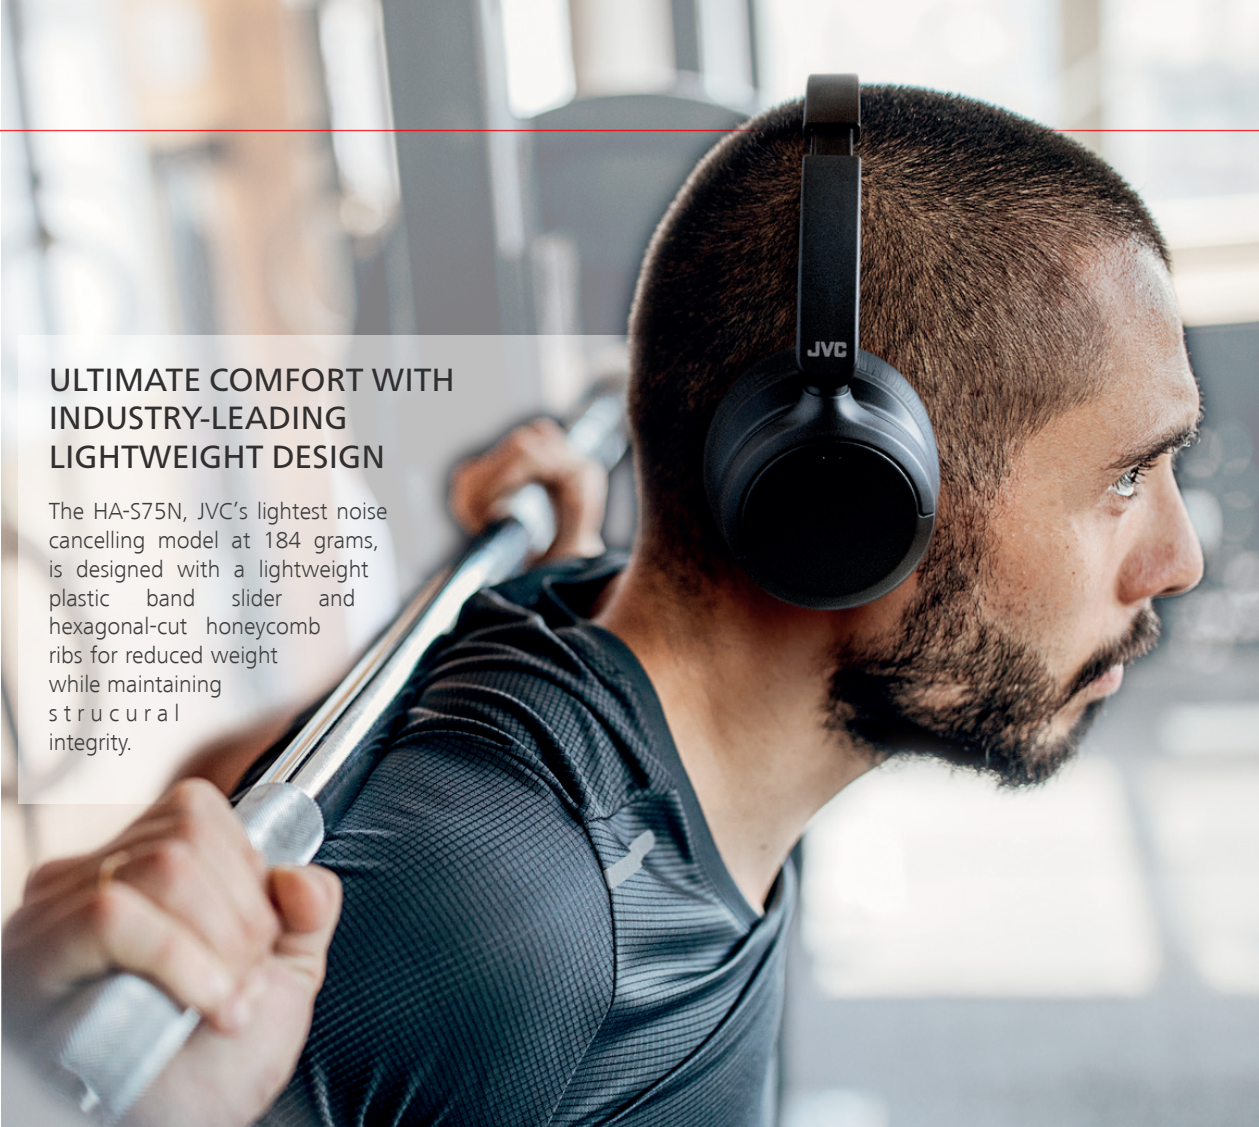

PREMIUM SOUND QUALITY

Experience superior sound with a 36 mm driver and 3 audio modes – Normal, Bass, and Clear – tailored to your preferences. Customise your sound even more with the JVC app for an enhanced audio experience.

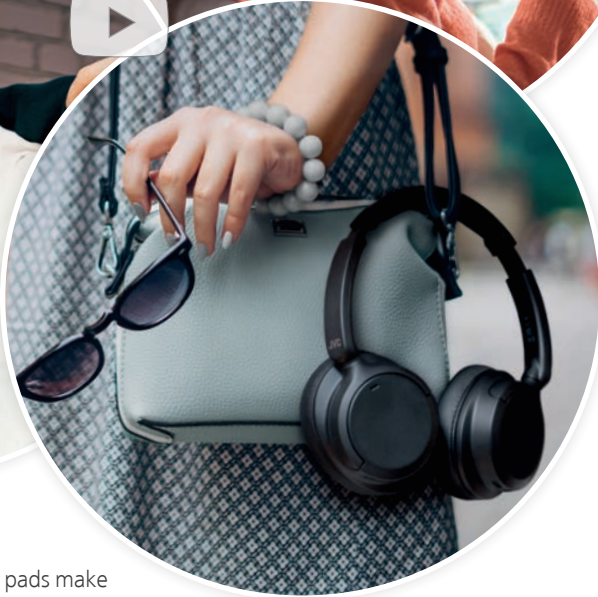

**ULTIMATE COMFORT WITH
INDUSTRY-LEADING
LIGHTWEIGHT DESIGN**

The HA-S75N, JVC's lightest noise cancelling model at 184 grams, is designed with a lightweight plastic band slider and hexagonal-cut honeycomb ribs for reduced weight while maintaining structural integrity.

**WORK SMART,
CONNECT SMARTER WITH
MULTI-POINT CONNECTIVITY**

Stay effortlessly connected with the built-in voice assistant, making hands-free control a breeze. And with the multi-point function, juggling between two devices has never been easier, whether you're balancing work calls or streaming your favourite playlist.

**FOLDABLE
DESIGN**

The flat foldable design and swivelling ear pads make these headphones incredibly portable and convenient to carry when not in use. Whether you're travelling, commuting, or simply on the move, the folding design of the HA-S75N ensures that you can take your headphones with you wherever you go without taking up much space. This feature makes them a practical choice for those who are constantly on the move.

KEY FEATURES

- ▶ Ultimate comfort with industry-leading lightweight design.
- ▶ Immersive sound experience with Noise Cancelling.
- ▶ Up to 35 hours of Noise Cancelling wireless listening.
- ▶ Up to 50 hours of wireless listening.
- ▶ Voice Assistant compatible.
- ▶ Multipoint connection and the integrated microphone ensures seamless telework with crystal-clear voice.
- ▶ Ambient Sound mode for when you need to hear ambient sounds around you.
- ▶ 5 button operation: power, multi-function button (MFB) pairing, answering/receiving calls & controls play/pause function, volume +/-, noise cancelling ON/OFF.

HA-S36W

Foldable Wireless On-Ear Headphones

COMFORTABLE AND LIGHTWEIGHT ASSURED

The angle adjustable earcups further enhance comfort by offering a custom fit, making these headphones ideal for extended listening sessions. Additionally, you can fold the headphones flat by turning the earpads, allowing for easy and compact carrying in your bag. If you prefer to keep them handy, you can wear them around your neck without any hassle.

TECHNICAL SPECS

- ▶ Headphones Type: Wireless on-ear headphones
- ▶ Bluetooth® Connection: Version 5.2
- ▶ Bluetooth® Output Power: Class 1
- ▶ Bluetooth® Range: Approx. 10 meters
- ▶ Remote and Microphone for Smartphones: Yes
- ▶ Usage: With compatible smart devices, including iPhone/Android phones
- ▶ Headphone Weight: 157 g

UNLEASH YOUR MUSIC

Discover the HA-S36W – your ultimate audio companion. Enjoy up to 35 hours of wireless music, worry-free about the battery running out. Recharge in just 3 hours and get back to your beats quickly. Switch between 3 Sound Modes to suit your music taste and stay in control of your privacy with Microphone Muting.

SWIVEL DESIGN

The headphone can be folded flat by tuning the ear pads and compactly carried in your bag or pouch. You can also wear it around your neck since it won't get in the way.

STAY CONNECTED WITH MULTI-POINT

Experience seamless connectivity with the multi-point function. Connect two devices at once, easily switching between personal and work-related calls or music sources without any hassle. Perfect for working from home, you can effortlessly connect to your PC and phone simultaneously. Stay productive and entertained with the convenience of HS-S36 W headphones.

CONVENIENCE AT YOUR FINGERTIPS

Enhance your audio experience with 3 Sound Modes (3 EQ) – switch between different profiles effortlessly for the perfect sound that suits your music. Stay in control with Microphone Muting – instantly turn off the microphone during web conferences or calls to ensure your privacy. Enjoy the convenience of Voice Assistant – easily control compatible smartphones and devices with simple voice commands.
